

REMARKS

Applicant has amended paragraphs 0005, 0024 and 0038 in the specification to make the amendments required by the Patent Office on page 2 of the Office Action mailed on September 15, 2003. These corrections do not add new matter to the application.

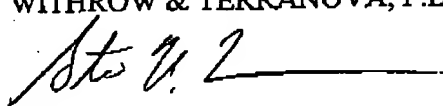

Applicant has amended objected and allowed claims 7 and 36 to be placed into independent form. Claims 7, 8 (by its dependence on claim 7), and claim 36 are now in allowable condition. Claim 1 and claim 30 have been cancelled since these claim limitations have been placed in claims 7 and 36 respectively. The applicant has also amended claims 2-6, 8-9, and 13 to include the limitations of claim 7 and are also now in allowable condition. Claim 3 was amended to remove the terms "Lexan" and "Plexiglas" since both of these materials are a type of plastic or glass, which are limitations in claim 3 and therefore claim 3 is deemed to cover "Lexan" and "Plexiglas." Claims 10-12 are in allowable form in their original condition since these claims, by amendments made herein now include the limitations of claim 7. The applicant has amended claims 30-35 to depend from claim 36 and are now in allowable condition.

Applicant does not agree with the Patent Office's position with respect to claims 33 and 34 as originally presented in the present application, but the applicant will pursue claims of the scope of original claims 33 and 34 in a divisional application to this application per the restriction requirement made in the present application on July 17, 2003.

Respectfully submitted,

WITHROW & TERRANOVA, P.L.L.C.
